

Dear Patients and Friends:

Welcome!

You are receiving this e-mail because I'd like to invite you to join the Waldenström's Macroglobulinemia (WM) national community, brought to you by Dana-Farber Cancer Institute and CancerConnect.

This community connects you with many others from around the world affected by WM for support, guidance, and information about the disease and its related issues. You can share your experiences and knowledge, ask questions, and learn from others who are coping with WM. This community is moderated by Dana-Farber staff with extensive expertise in Waldenström's Macroglobulinemia.

If you would like to join this community, please follow these steps to register:

- Click here: <http://cancerconnect.com/danafarber> to access the Dana-Farber Welcome page, then click **Join now**.
- Enter your user name, e-mail address, and password, and click **Register**.
- Once you have registered, on the main Dana-Farber CancerConnect Community page, you can access the Waldenström's community one of two ways, either:
 - Scroll down the right side of the page, under **National group members**, and click **Waldenström's**, or
 - Click this link after you have registered or logged in:

<http://cancerconnect.com/group/waldenstrom-macroglobulinemia>

CancerConnect allows individuals to interact in a HIPPA-compliant, confidential, safe, and secure environment. As part of this program, members of the community can also participate in more than sixty disease-specific national communities. Cancer-specific groups are available, as well as groups focused on caregiving, health and wellness, clinical trials, insurance, nutrition and survivorship, providing support for anyone affected by a diagnosis of cancer.

Sincerely,

Chris Patterson
Administrative Director

Dana-Farber Cancer Institute, a principal teaching affiliate of Harvard Medical School
Bing Center for Waldenström's Macroglobulinemia
